Who we are

Glory Infocom Pvt. Ltd., headquartered in New Delhi, is a leading Value-Added Distributor (VAD) in India. With over 75 years of combined industry expertise, we partner with global OEMs and technology innovators to deliver cutting-edge products and solutions that empower our channel partners to succeed in a digital-first world.

Our mission is to add tangible value to businesses by providing best-in-class technologies, training, and consultancy. Guided by a vision to be India's most trusted and preferred VAD, we focus on strategic product selection, partner empowerment, and adoption of emerging technologies.
At Glory Infocom, we go beyond distribution – we are a growth partner, committed to helping businesses adapt, innovate, and thrive.
